

Sauna and Steam Room Flooring

Tru-Tile flooring is the industry standard for hospitals, health clubs, pools and spas. Known for its non-slip and anti-bacterial attributes, Tru-Tile eliminates the maintenance associated with wood or tile flooring. Tru-Tile will not crack, warp or split.

Specifications:

- **Material: Oxy-B1 Vinyl**
 - These tiles are made of oxy-B1 vinyl, a bacteria fighting material that inhibits a microorganism's ability to absorb oxygen. The oxy-B1 is bonded to the Tru-Tile during the manufacturing process and will prevent mildew, mold, and bacteria as the tiles are laid out.
- **Tile Size: 12" x 12" x 9/16"**
- **Weight: 14.5 oz. per Tru-Tile**
- **Additives: Oxy-B1, Ultraviolet Stabilizers**
- **Flammability: Flame resistant. Passed Vertical Flame Test UL 94V-0**
